CIRCULAR 05/2020

RE: COVID-19 LOCKDOWN

On 23 March 2020 a 21-day national lockdown has been declared by President Cyril Ramaphosa from 26 March 2020 until 16 April 2020 as previously reported. AgriSeker is committed to honouring and fully support the actions and implications of the applicable government's declarations and is entering the lockdown period.

AgriSeker wants to ensure you that while we are in lockdown, we are not closed down. We will continuously render our essential agricultural and financial support services in this time of distress and promise to be fully operational off-site. AgriSeker has various systems and technologies in place to ensure our staff can still operate remotely. AgriSeker staff and business support partners will be working from home where possible, with all agri-crop functional and operational processes continuing uninterrupted.

AgriSeker will apart from our off-site Covid-19 protocol continue to provide you with assistance, support and regular communication and updates as the events unfold.

Our field and assessment services will continue uninterrupted subject to strict Covid-19 protocol and concomitant arrangements.

We thank you for your continued support and understanding during these challenging times.

Be safe, be brave, have faith and be kind. Our prayers will accompany all of us.

Best wishes

Reinhard Kuschke
AgriSeker: Managing Director
