RE: COVID-19 LOCKDOWN EXTENSION

On 09 April 2020 the 21-day national lockdown has been extended by President Cyril Ramaphosa until 30 April 2020 as previously reported. AgriSeker is still committed to honour and fully support the applicable declarations made by the government regarding this period of distress.

AgriSeker wants to ensure you that we still continuously render our essential agricultural and financial support services during this extended lockdown period and are fully operational off-site. AgriSeker has various systems and technology in place to ensure our staff can still operate remotely. AgriSeker's staff and business support partners are working from home where possible, with all agri-crop functional and operational processes continuing uninterrupted.

We will continue to provide you with assistance, support and regular communication and updates as the events unfold.

Our field and assessment services will continue uninterrupted subject to strict Covid-19 protocol and related arrangements.

We thank you for your continued support and understanding during these challenging times.

Again, please be safe, be brave, have faith and be kind. Our prayers will accompany all of us.

Best wishes

Reinhard Kuschke
AgriSeker: Managing Director
